

Webinar Transition to ISO/IEC 27001:2022

On October 25, 2022, a new ISO/IEC 27001:2022 was published. This means that within 3 years all certification activities must be carried out according to ISO/IEC 27001:2022 instead of the ISO/IEC 27001:2013.

BM Certification has prepared the guidance for our ISO/IEC 27001:2013 certified clients which describes transition arrangements and invite you participate in webinar.

Webinar overview:

Webinar will cover following topics:

- Key changes in ISO/IEC 27001:2022
