

Training

“GLOBAL G.A.P. explanation of standard requirements. Growers. Food chain. Social Responsibility”

PURPOSE OF TRAINING

- Explain the issues related to the choice of certification scheme and the basic requirements, based on the issues at hand and the specific nature of the work. During the course you will have the opportunity to follow the GLOBALG.A.P.'s General Regulations Crops rules v5.4, GLOBAL G.A.P. CoC and GLOBAL GRASP standards and explain how this is implemented in practice.
- Explain the requirements of the GLOBAL G.A.P. standard, which is based on the international principles of sustainable development, hygiene, safety and welfare.
- Training is focused on crops base requirements with fruits and vegetables sub-scopes.
- The GLOBALG.A.P. certificate is a compelling opportunity to enter new markets both in Latvia and abroad.

BACKGROUND KNOWLEDGE

- No prerequisites, the course is suitable for beginners and experienced participants.
- Suitable for anyone wishing to increase their knowledge of the standard and its requirements.
- This training will provide you with knowledge of the requirements of the GLOBAL G.A.P. Standard and the overall certification process.
