

# Public Seminar RSPO Standard Training – New Standard 2026

The new RSPO Standard raises questions among RSPO clients.

BM Certification therefore offers a training course that will address the following questions, among others:

- What has changed in the RSPO Standard?
- How does this affect our company?
- How should the new or updated requirements be interpreted?
- How have the requirements for those responsible changed; WHO is authorized to do WHAT?

As your certification partner, we have the right answers to these and many other questions. Through seminars with a maximum group size of 8–15 people, we offer the following program:

- Introduction to the RSPO Standard
- Explanations regarding training, internal audits, and management reviews
- Responsibilities of representatives, multi-site managers, and site managers
- Certification cycle, including deadlines, auditing, and the transition phase
- Shared responsibility in the supply chain standard (a pipe dream?)
- Advanced, participant-oriented topics
- Mass balance
- Derivatives and conversion factors
- Book and Claim
- Micro-users
- Logo standard and market communication
- The prisma portal and its pitfalls

We look forward to your participation. Please register using the registration form: <https://de.bmcertification.com/schulungen/>

Location: Online via MS Teams

Date:  
18.02.2027

Duration: 10:00 AM- 2:00 PM

Lecturer:

Armin Hodzic, Lead Auditor  
RSPO, BM Certification  
Deutschland GmbH
